Forecast for Saturday 29 May 2021

Weather: Some low cloud and mist overnight, most extensive through Angus and into the Ben Lawers area. The low cloud lifting and breaking during the morning, best of the sunshine expected through Deeside. Mainly dry and bright through the afternoon and evening with a few sunny breaks, although isolated showers possible.

Chance of cloud free mountain/hill tops above 800m: 40% overnight and early morning, becoming 90% by the afternoon.

Visibility: Moderate or poor at first in any low cloud and mist, occasionally very poor over the summits with extensive or occasional cloud, base 600m or less. Becoming very good by the afternoon with cloud lifting near or above the summits, breaking at times.
